

Maadenak Group

Group Company Profile

About The Group

Maadanak Group was established in 2010. It is one of the Saudi companies with strong capabilities in several fields, including general contracting, environmental services, general trading, and other services.

The main goal of any commercial, industrial, or service company is development and expansion. After successfully building & developing these services, we are moving forward with steady steps and have a strong ability to expand further and further.

The group is considered one of the leading companies in these fields, with a strong and proven track record with clients who have shared its success over the past years.

We also provide our distinguished services to both the public and private sectors, and we have a network of clients across the Kingdom.

ABOUT GROUP

Group Mission

Quality: We provide our clients with the services they need at the lowest cost and the highest level of quality.

Partnership: To be the best partner for our clients.

Care: Caring for the client, meeting their needs, and exceeding their expectations.

Development: Reaching the highest professional and ethical standards in performing the work.

Commitment to deadlines: Executing projects with the highest quality while completing them on time.

Group Vision

Establishing the company's brand in various markets, both internationally and locally, by maintaining a strong presence in the competitive field and building mutual trust between us and our clients.

We work under the slogan: **Success begins with the success and satisfaction of the client.**

Every day, we leave our mark by offering a highly modern definition of service, providing various technologies and solutions for all institutions. We strive to keep up with advancements in performance and standards to reach our goal — the highest levels of customer satisfaction.

In the end, we aspire to become your business partner rather than merely a lifelong commercial service provider.

The Unified Contract (Saudi Electricity Company — SEC)

Maadanak Electricity Group is one of the contractors for the Saudi Electricity Company (SEC), and its works include the following:

- Installation and testing of transformers.
- Installation of high- and medium-voltage electricity poles.
- Installation and testing of ring main units (RMUs).
- Laying, connecting, testing, and operating cables and conduits.
- Operation and testing of insulation for all types of cables.
- Performing all types of electrical welding, splicing, and termination works.
- Excavation and backfilling for all trenches, concrete passages, and paved roads.
- Grounding works, operation, testing, and network protection.
- Operation and testing of all medium- and low-voltage switches.
- Installation and operation of circuit breakers.
- Operation and testing of generator synchronization.
- Power factor improvement for electrical networks, and testing and calculating capacitors for all networks.
